A score of 0 (zero) is for one of the following reasons :

- (a) the athlete is the 3rd member of his/her club for sprint events;
- (b) the athlete is the 4th member of that club for 800m + or field events;
- (c) the athlete has entered too many events (maximum 3 + relay for U13-U17, 5 events for U20);
- (d) the team is disqualified in a relay or has mixed ages in an U13-U20 team;
- (e) there are irregularities on the declaration sheet such as duplicate numbers being issued.

Points are shared where times are equal in track events or where field events remain tied on count-back rules.
