**Would team managers please inform Ted Butcher of the above DoBs and those of any new athletes that take part in the remaining matches.**

*It is particularly important that we have this information in order to make sure that young athletes run in their correct categories (and hence the correct distances for health and safety reasons) and that seniors are not inadvertently competing as veterans, etc. In the absence of a date of birth, an athlete in the U20/senior/vet race will be assumed to be a senior as far as determining medals at the end of the season. (and veterans fare better if athletes above them are seniors!)*

Sorry about the delay in posting the results, but we wanted to wait for the Caythorpe details to save postage!
